

Over 3 decades of
engineering excellence.....

Nash Engineering FZCO
Nash Group of Companies

www.nash-eng.com

INTRODUCTION

With increased industrial production and capabilities Nash Group of companies has been witnessing a steady and secure growth through the years. The Group includes:

Nash Engineering FZCO was established in the year 2005 with manpower of some 350 in Jebel Ali Free Zone on an area of 50,000 sq. mtrs. and has since been hailed as a leader in the manufacture and supply of steel products including Stainless Steel, Complete Engineering Design Facility and other new range of engineering services. Even as Nash Engineering is the third fabrication unit of the Group, it is the largest, embodying three decades of know-how and skill. Coupled with superior infrastructure is a workforce that is highly qualified, skilled and competent. Nash has grown in stature to be called the flagship company of the Group. Yet another advantage is its proximity to the Jebel Ali Port, Nash Engineering has been successfully exporting its products to Europe, Africa, Asia and Far Eastern nations.

MESSAGE FROM CHAIRMAN

“Transparency in Quality and Standard is core to Industrial Perfection”

We take the pleasure to present Nash Group of Companies and briefly outline our experiences and capabilities to provide a complete range of Process Plant Construction, Fabrication, Operation & Maintenance services for Oil refining, Gas processing, Chemical & Petrochemical, Power Generation, & Water Treatment sectors in the United Arab Emirates, Arabian Gulf Countries, Europe, Africa & Asia.

Nash Group's services are modular in concept and can be tailored to the exact needs of each individual client. The company has the experience and depth to handle any size of projects, yet is small enough to ensure that all projects receive the personal attention of top management.

Our experience covers a wide range of industrial projects including clad & coded Pressure Vessels, Heat Exchangers, Columns, Separators, Pressure Piping, Field Storage Tank, Fuel Storage Tank, Skid Packages, Heavy and Auxiliary steel structure with international quality standard. Nash Group's growth & development over the past 30 years, are parallel to the growth of energy & production industries it serves. We have built our reputation on our ability to anticipate industry's need for increasingly complex services to provide, solutions to meet these needs & to provide these solutions on schedule, safely & to the highest level of international quality standards. Nash Group of companies has 3 fabrication facilities, in Abu Dhabi, Jebel Ali free zone and Dubai, with a capacity and skills to undertake projects of varying size, tonnage and complexity. Our projected annual fabrication capacity is approximately 25,000 tons.

Nash Group's reputation for excellence is reflected in our client list., we are proud to include among our clients ARAMCO, ADNOC, ZADCO, ADMA-OPCO, GASCO, ADGAS, ADCO, TAKREER, DPC, ENOC, DEWA, ADWEA, DUSUP, SAMSUNG, DODSAL, SCHLUMBERGER, PETROFAC INTL, VEOLIA WATER SYSTEMS, ALSTOM NORWAY, JGC CORPORATION, GUSAN, MACCHI, CCIC, DOW CHEMICALS, SIEMENS, TOSHIBA, TECHNIP, BECHTEL, QATAR PETROLEUM, TOTAL ABK, HYUNDAI etc...

Best wishes.
Nissar Ahamed K.S
Chairman

VISION AND MISSION

VISION

Our vision is to implement and maintain the highest levels of quality, integrity, dependability and efficiency in the services that we provide to our valued customers, uncompromisingly.

MISSION

To be a leader in the Engineering/Fabrication, with investment in advanced technology, equipment and people. To provide products and services that ensure high standards of customer satisfaction through well established systems and management practices.

QUALIFICATION & CERTIFICATION

We firmly believe that efficiency and diligent work will never go unnoticed.

Our three Industries have been awarded with prestigious Certificates such as

- ISO 9001: 2008 for Quality Management Products.
- "U" "U2" "R" "S" "P" certification from American Society of Mechanical Engineers
- "API-2B" "API-5L" Certification from American Petroleum Institute
- "N" We are in the process of accruing the same
- Nash Engineering also registered in all Major Oil & Gas companies like ARAMCO, ADNOC, GASCO, ZADCO, ADMA-OPCO, ADGAS etc. Unconditional commitment paired with high quality services has become the dictum of our entire team.

SALIENT FEATURES OF OUR HSE MANAGEMENT

Our objectives for continual improvement shall be:

- Adherence to Health & Safety Environment Management System is the first and foremost responsibility of the employees of Nash Engineering FZCO
- The Policy and Objectives of HSE Management System is defined by the Top Management and is driven down to the workforce.
- The HSE department ensures the system implementation at different levels in the organization and it is in line with the identified requirements.
- All new employees are given complete induction training on their HSE roles and responsibilities for job related training is identified based on the competency skill tests of individual employees.
- Employees are sent for all external training by the Approved Third Party Agency by EHS.
- In-house training is organised with external training providers for the Managerial Staff on various HSE topics.
- HSE Key performance indicators are identified at different levels and continuous monitoring on the same is carried out.
- Resource conservation & monitoring on the environmental performance is continuous to ensure compliance with the requirements.
- Personal Protective Equipment is provided to all employees and strict adherence to the same is initiated.
- Inputs contributed by the employees on the organisational growth and proactive approach in terms of HSE are suitably rewarded by the Top Management to ensure a positive HSE culture and continual improvement.

FACTORY OVERVIEW / MACHINERY DETAILS

FLANGING MACHINE

Capacity: 6000mm Dia x 32mm Thickness

HEAVY DUTY DISHING PRESS

Capacity: 2000 Ton, 6000 Dia x 200mm Thick

HEAVY DUTY ROLLING MACHINE

Thickness 150mm, width: 3000mm

SAW WELDING MACHINE

6 mtr Dia x 12 mtr Running Length

STRIP CLADDING & WELD OVERLAY

CUTTING MACHINES

WATER JET CUTTING

LASER CUTTING

PROFILE CUTTING

Capacity: 12mtr x 2.2mtr Bed Size
Thickness up to 200mm

GANTRY CRANE

PWHT & FURNACE

EXCLUSIVE HIGH ALLOY SHOP

CNC BEAM LINE

PIPE PROFILE CUTTING

CNC BAND SAW

STATE OF THE ART INTERNAL PAINT & SHOT BLAST FACILITY

Capacity: 8 booster motors with opening of 1.5mtr x 2mtr.

Over and Above:

NASH Group of Companies has state of the art machinery which includes Lathe, Shaper, Drilling, Punching, Honing Machines to handle any kind of complex jobs.

OUR PRODUCTS

- PRESSURE VESSELS
- PROCESS EQUIPMENT
- HEAT EXCHANGERS ● EVAPORATORS
- STORAGE TANKS ● PRESSURE PIPING
- SKID MOUNTED PACKAGES
- COLUMNS & TOWERS ● EXTRACTORS
- SPECIALISED IN SS / DUPLEX / SUPER DUPLEX MATERIALS
- HEAVY STEEL STRUCTURES

STORAGE TANK

MEG SKID PACKAGE

FINE FILTER PACKAGE

PRODUCED WATER FILTER
COALESCER SKID

CHEMICAL INJECTION PACKAGE

MANIFOLD SKID

PRESSURE VESSEL

BUFFER DEGASSER VESSEL

MULTI CYCLONE SEPARATOR- U STAMP

SLUG CATCHER (SS316 L CLAD)

THICK WALL VESSEL

DEAREATOR VESSEL

HEAT EXCHANGER

PROCESS HORIZONTAL GAS FILTERS

STAINLESS STEEL CARTRIDGE FILTERS

VERTICAL FILTERS

FILTER VESSEL

PROCESS PIPING & DUCTING

HEAVY STEEL STRUCTURE

TURN-KEY PROJECTS (VESSELS, PIPING SPOOL & STRUCTURALS)

MAJOR PROJECTS

WIND CARRIER JACKUP VESSEL

WIND CARRIER - SPUD CAN
